AMADOR VALLEY HIGH SCHOOL TRAFFIC SIGNALS GO LIVE *Installation Nearly Complete*

PLEASANTON, *Calif.* — The City of Pleasanton is pleased to announce that its newest traffic signals will get the green light and be turned on beginning Wednesday, July 27, 2016.

The two new traffic signals, located on Santa Rita Road, in front of Amador Valley High School, will be timed in sync with the other traffic signals to help drivers navigate safely and efficiently along Santa Rita. After review of the existing circulation patterns, City staff, working in conjunction with the surrounding neighborhood and Pleasanton Unified School District (PUSD) staff, recommended the installation of traffic signals at both the north and middle driveways of the Amador Valley High School parking lot. In addition to the traffic signals, there will also be a new sidewalk along the north edge of the school property and modification of the north and middle parking lot driveways to further improve circulation and safety.

If you have any questions, please contact Ed Evangelista at (925) 931-5667 or eevangelista@cityofpleasantonca.gov.
